*Yours Sincerely Norman F. Houghton*

To the Fitzgerald extended families. This letter I hope will have some closure to the passing (Naburu) of Cecil Fitzgerald your loving family member. My name is Norman F. Houghton, a Pilbara Yindjibarndi English person who was given these variables of your family's strong proud heritage who fought like many other warrior soldiers to protect his and their homeland Australia. Mr Jack Gregan looked after Cecil at the end of the war. He left these variables to Jack who gave them to me to pass on if possible.

Condolences to the extended

Fitzgerald Family — 

It's has been a real pleasure to get Cecil's belongings back to their rightful families for history culture & heritage value

Mr Jack Gregor would love a call to know Cecil's family has his medals photo's and valuables. Jack & Velma protected my Mother Clara Coffin Houghton in the Pilbars during the old act days.
